3. CANDIDATE BIOGRAPHICAL INFORMATION

Brief biography of the company nominated:

Professional Diver Training Center was established in 2021, By Don Moore with the goal of training safe, knowledgeable and professional commercial divers in the basic skills needed to enter the commercial diving industry at the entry level. We are staffed with instructors that have been trained as instructors and have also worked in the industry with in the last 5 years. Our instructor staff is required to have annual continuing education to maintain their state certification as a instructor, our instructors come from both the military and commercial diving industry. Our instructor staff has 147 years of collective experience. PDTC also is a training center for Kirby Morgan teaching the hat user course as part of our curriculum along with dry suit diving and full face masks. the Aqualung conshef XIV regulator repair course, and they receive a certification in all. We also teach the Hat Technician course as a training seminar, PDTC also teaches Diving medical Technician and Hyperbaric Technician (same as CHT) they are recognized by UHMS. PDTC takes pride in the fact that we are here to provide the very best training possible to make a safe and professional diver that employers look for, along with offering skills that will help a working diver enhance his or her career.

Bio:

Donald Moore

Served 20 years as a US Navy Diver Chief Petty Officer, during his tour in the Navy he served as the lead diver and supervisor onboard two salvage ships deploying to the western pacific on 5 different occasions, conducting diving and salvage operation across the western and South Pacific Oceans. He also served as Chief diver at two underwater repair activities performing waterborne repairs to both surface and sub-surface US Naval vessels. His career then turned to instructor duty at the Naval Special Warfare Center, teaching diving to US Navy Seal candidates. Upon his retirement he returned to his home in Oregon and pursued a career in inland commercial diving from 1995 -2001, working on various inland diving projects. Working a US Army Corps of Engineers project on Lower Granite Dam in eastern Washington State for Advance American Diving, he was the chamber supervisor conducting over 800 Sur "D" O2 Dives during this 6-month long project. Also Supervised the treatment of a seriously injured Diver during that project with the diver having a full recovery. He was the ROV pilot and Diving Supervisor for the US Army Corps of Engineers Cougar Reservoir project in Blue River, Oregon Conducting 60 Mixed Gas dives to 275 Feet Without incident. In 2001 he then went back to teaching, working for the US Navy at the center for anti-terrorism teaching small arms marksmanship and defensive tactics from 2001-2004. He then returned to the Naval Special Warfare community as Diving instructor and Diving equipment Manager from 2004-2018, teaching diving physics, diving medicine, open circuit scuba, oxygen closed circuit UBA, hyperbaric chamber operations along with oxygen medicine. He currently holds qualifications as US Army Corps of Engineers unlimited diver, diving supervisor, Recompression chamber supervisor, US Navy Mixed Gas Diving Supervisor, Air diving supervisor, open/closed circuit diving supervisor, hyperbaric supervisor, inside tender and chamber operator. Also holds ADCI certification as Mixed Gas Diver/Supervisor, Nitrox diving supervisor. Also holds an Aqualung certification as open circuit repair technician /instructor, DOT certified scuba cylinder inspector Instructor, Oxygen Clean Instructor, Diver's life support system operator and repair technician. Quality assurance inspector. He also holds DAN instructor certification for 1st aid/CPR, ADE, O2 provider, And open water scuba and Nitrox instructor, dry suit and full-face mask from IANTD. Also holds Hyperbaric Chamber Operator and Intermediate / Advanced Hyperbaric Chamber Technician and Diving Medical Technician Instructor certifications from the International Board of Undersea Medicine. And is a US Navy certified high-risk instructor and Master Training Specialist. His current position is the Director and Owner of the Professional Diver Training Center in Alvarado, Texas.
